**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Please do the right thing and block malicious companies like AT&T from controlling broadband. We need an Internet that allows people to connect without purchasing from companies like AT&T who care nothing about fair competition, don't respect privacy, and want to censor content for political motivations. Please allow competing companies like Sonic to compete freely in the market. Isn't that the whole "Republican" belief system, whatever is left of it?

I'm currently using DSL through Sonic which rents equipment from AT&T. Sonic needs to be able to do this as it builds out its fiber network and should always be able to purchase fairly from competitors who otherwise have monopolies and oligopolies.

Sincerely,
Andy Likuski
